

## It's All In The Match

We have a proven record of matching the right caregiver for your family. All staff and caregivers (RN, LPN, MSW, CNA, and HHA) have a Level 2 electronic fingerprint screening which is processed through the FBI databases. We verify **ALL** licenses for RN, LPN, and CNA's with the State of Florida Health Board. We validate Home Health Aide Certificates with the licensed schools issuing the certificate. We confirm and monitor all the necessary documentation (checklist) required by the State of Florida. We speak with previous clients for first hand references. Our interview and screening process allow us to get to know the unique personalities and skills of each caregiver resulting in a good match for you. Private duty home care quickly enhances nutrition, safety, hygiene, socialization, and medication compliance. We refer caring, honest, reliable, compassionate, and skilled caregivers that will help you enjoy your independence at home.

## TESTIMONIALS

"Thanks again for coming to my rescue when I really needed it!" Pam K. Boca Raton, 6/22/16

"I can not thank you enough for sending such a wonderful aide to my good friend on Friday. Thankfully I got your name from a neighbor and you were able to help so quickly. Lisa is fantastic! She is so well mannered, well composed, and professional. Her sweetness has calmed Dr. P. down until his family arrives. Thank you, and thank you" Dr. Peter A. Highland Beach, 5/9/2016

"5 STAR-I think Linda LeMonte and the whole team at Paradise Home Health Care are fabulous. They are considerate, caring, and highly professional. They have been an enormous help in caring for my parents. Paradise Home Health Care deserves **10 STARS.**" Barbara H. New York, 3/12/2014
